Prices are F.O.B. mill, excluding freight

No directional changes in the markets this week as lumber, studs, and panels continue to flounder. Mills and secondaries struggle mightily at moving product off week after week, and the short-lived upticks we've seen this year thus far have not been enough for most of them. We may be lining up for a winter where inventories are leaned up, which could mean struggles if winter conditions impact rail service. In the meantime, it's more of the same.
