<b>COMPOSITE AVERAGE</b>	<b>398</b>	<b>14</b>	<b>329</b>

**Prices are F.O.B. Mill, excluding freight**

**Composite Average**

**OSB Average**

The market saw higher prices this week following last week's increases. Availability continues to be an issue as inventories at yards and distributors remain lean across the board.

DF 2x6 studs are tough to find in many markets. Reports that a significant volume of SPF narrows imported from Europe failed to make grade spurred buying activity in Spruce dimension.

SYP saw strong activity as well. OSB continues to be tightly supplied and prompt loads are selling above established print levels, especially in the west.

All items are priced as a general market guide. Please call our sales office for specific quotes in your respective market.
