Commodity markets stayed on an upward trend this week as DF, SPF, and especially OSB saw strong activity and price appreciation. Studs, which have been on a steady uptick for months, continued strong again this week. SYP narrows are still the one area that hasn't bumped in price, as wet weather in Texas slows consumption of the narrows. Feels like we are in for a prolonged ride up for now, though. Niners and Chiefs look to give us an entertaining Superbowl Sunday. My money is on Joe Montana's former team!
