4X8 23/32 OSB T&G	530	0	730
Composite Average	476	-03	626

It was more of the same again this week for both lumber and panel markets. What activity there was became more muted by midweek as traders and mills attended the annual Inland Lumber Producer’s gathering in North Idaho. The Fed signaled a potential decrease in rates in the coming months, giving hope that the market could become less plugged than it has been. Extreme heat is also impacting markets as we are firmly into the dog days of summer. Stay hydrated!
